Street Greens For Yuletide To Be Placed

Decorations Ordered In Readiness For Party

Decorations of Redwood City's streets for the holiday season will be begun at once, to be completed before December 1, the date of the annual Christmas party for local children. It was decided at a meeting of the retail division of the chamber of commerce Tuesday afternoon.

W. H. Alkire of Redwood City was selected to do the decorating. It is planned to trim electroliners with white cedar garlands, wrapped around the poles and topped by two Christmas trees.

San Mateo to Apply For Federal Grant

SAN MATEO, Nov. 20. — City Manager E. P. Wilsey was authorized by the city council at its meeting here last night to make application for a \$37,000 federal grant for a sewer disposal plant project.

Bids for the construction of a kitchen and locker rooms at the municipal golf course clubhouse, as the SERRA project, were let by the councilmen. Total cost of the project is expected to be about \$1,200.

Protests were received at the meeting from residents regarding the moving of a Negro church to Tilton avenue near Humboldt.

A letter from the Southern Pacific Railroad Company suggesting that the proposed federal grade crossing separation project be located at 19th avenue in San Mateo was read. City Manager Wilsey suggested the crossing be made at Broadway, near the Bay Meadows plant. It was decided to investigate the matter further.

Harcom Stricken At Menlo Park; Rites Tuesday

John J. Harcom, 67, prominent resident of Menlo Park, died at his home there Sunday after an illness of two months. Funeral services will be held at 2 o'clock Tuesday afternoon from the Tiney Funeral Home in Palo Alto. Burial will be made at Alta Mesa. The services will be conducted by the Rev. W. L. Staub, pastor of the Menlo Park Presbyterian Church.

Mr. Harcom was a native of Swansea, Wales. He lived for some years in Australia where he was a building contractor and was active in the work of the Young Men's Christian Association among seamen.

In 1906 he removed from Australia to San Francisco, and in 1922 established his home in Menlo Park.

In Menlo Park he has been actively associated in civic affairs. He was one of the prime sponsors of the movement that led to the incorporation of that city, and was a member of the first city council of that municipality. Until recently he served as building inspector of Menlo Park.

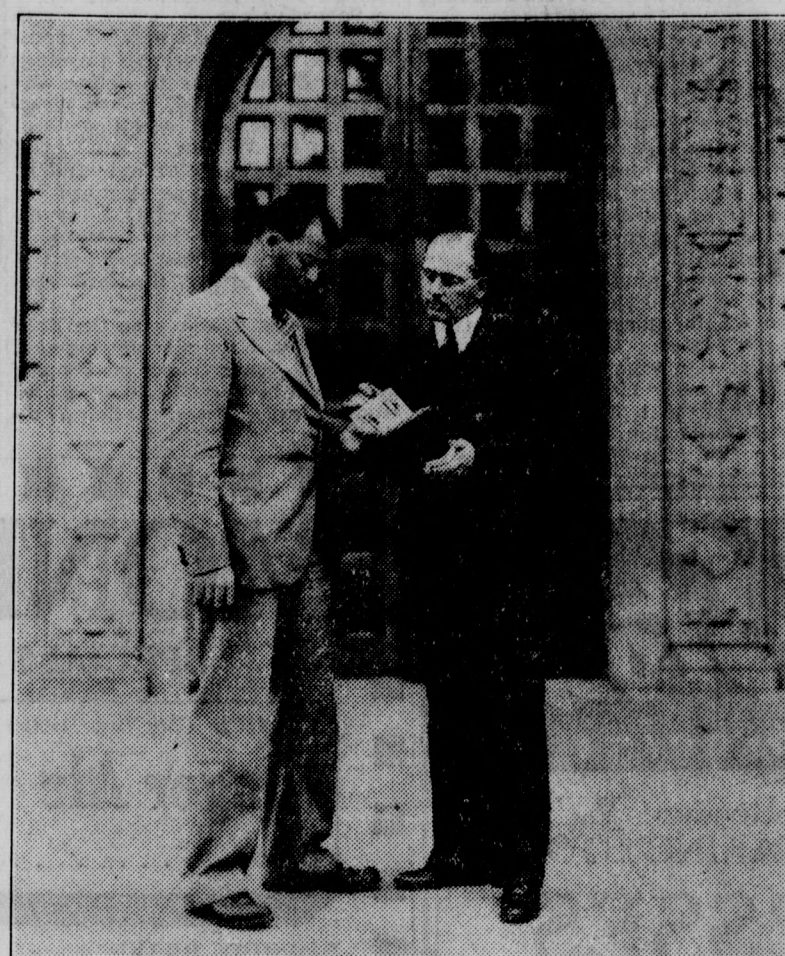

Surviving relatives include the widow, and two sisters in Sidney, Australia.

"Buck Fever" Hits Peninsula Towns

Reports from all over the county show the rapid spread of "Buck fever," stated advisers received here today from Charles Crouch, president of Peninsula Stores, Ltd., in mention of the unusual customer share program known as the "Boom Day Buck Plan," which was announced in this and other peninsula newspapers last Friday.

Boom Day Bucks resembling U. S. currency and in denominations of 10 are being given to every customer with each 25-cent purchase of any grocery, fruit and meat merchandise sold in their stores. These bucks will be given away during the next four weeks after which time a gigantic auction will take place. Hundreds of dollars' worth of household goods, furniture and food will be auctioned off to the highest bidders bidding with Boom Day Bucks.

Board Studies County Control Over Services

Legislator Peterson Says State at Work On Law Draft

Without definite commitment for or against the proposal, the San Mateo County Board of Supervisors Monday directed the selection of a committee from the 13 peninsula cities to undertake a study of the proposed formation of a city-county government in San Mateo county.

Simultaneously, Col. Frederick Peterson, San Mateo county assessor, revealed that he has already requested the legislative council of the state to draft a constitutional amendment which would make the consolidated government possible if and when desired by the public.

Peterson's action does not commit him to the proposal. He declared, he said, that the law should be ready if the voters of San Mateo county favor the proposal.

The assemblyman explained that it will require a two-thirds vote in both the lower and upper houses of the legislature to submit the law to the people of the state for amendment of the constitution. The amendment sought is the removal of the present restriction barring counties of less than 200,000 population to adopt such a government.

McCarthy Addresses Board
Counselman Paul A. McCarthy, Redwood City, also not committing himself for or against the plan, suggested the naming of the committee by the cities to confer with the board. The idea originally came from Ella Chase, Lomita Park civic leader.

Chairman C. V. Thompson named Allan F. Hunt, Burlingame mayor, as chairman of the cities' committee with power to call the various cities into conference. When the cities have studied the proposal and decided whether or not it has merit, the report will be presented to the supervisors.

McCarthy said it might be feasible as a beginning that individual services be rendered under a consolidated governmental setup, such as the health service, and that the cities otherwise retain their functions.

Tax Reduction Forecast
The purpose of the movement is to weed out duplication of services by cities where the county could render the same service much more cheaply, McCarthy explained. Mrs. Chase advanced the idea to offset the newly-revived movement for annexation to San Francisco.

Supervisor John Poole, Redwood City, who believes the consolidated city-county government would reduce tax costs, moved that Chairman Thompson summon the cities into conference. Supervisor Manuel Francis, Half Moon Bay, seconded the motion. Supervisor Albert Witt, Colma, amended the motion to include chambers of commerce and other civic bodies, and it then carried without a dissenting vote.

TWO-FAMILY LOT USE HIT BY NEIGHBORS

Buben Proposal Put Before Planners For Action

Reversing its action of two weeks ago, the city council Monday rescinded a permit given to R. N. Buben, 47 Avondale avenue, for permission to enlarge servant quarters, and ordered the planning commission to make a recommendation on the proposed two-family use of one lot.

The planning commission, in a report signed by John Gill, secretary, called the grant of the permit "an unwise violation of the ordinance forbidding the erection of two homes on one lot."

An apology was made by the council, upon motion of Councilman Robert Jones, seconded by Councilman James Eva, to the planners for slighting them in not referring the matter to the commission originally.

Councilman Paul McCarthy, who put the motion granting Buben the permit two weeks ago, moved to rescind it because, after viewing the proposed improvement, he said he could not "stand his ground." The motion was seconded by Councilman Jones and carried with Eva and Evans Fletcher voting "no."

McCarthy, Jones, Mayor Charles Lambert and Councilman Louis Christensen said they misunderstood Buben's proposal, which, they believed, was for a slight enlargement of existing quarters. Building Inspector I. C. Drathman said he had the same idea.

Mrs. Buben said there should have been no misunderstanding and emphatically denied that there had been any misrepresentation. She said several hundred dollars have already been spent under the permit and protested the prospective loss.

Protest to the two-family use of the lot was made by Bert Werder and other neighbors, and by Carolyn Clements, 805 Burlingame avenue, Burlingame, who owns adjoining property at 67 Avondale.

Councilman George McNulty was the only member of the board two weeks ago who voted against the Buben request.

At Councilman Eva's suggestion, all plans hereafter for improvement must be in detail when presented to Inspector Drathman.

Rains to Benefit Coastside Regions

Current rains which the peninsula now is enjoying were much needed on the San Mateo county coastside, Max J. Leonard, county agricultural commissioner, reported today to the board of supervisors. Growing conditions on the coast were reported favorable. Leonard reported shipment of 1200 boxes of artichokes, 4,000 crates of lettuce and 2500 crates of sprouts. Chrysanthemum shipments in the Redwood City area were reported in a 15 per cent increase, with 1500 boxes going to Louisiana and 6500 to eastern points.

76% of Voters Went to Polls, Count Reveals

Merriam Final Figure 18,488; Sinclair Given 13,022

Choices of San Mateo county absent voters in the recent election were similar to those of the "regulars," a final official check of all votes cast in the county revealed today. The count, compiled in the office of Clerk E. B. Hinman, was accepted by the board of supervisors.

Absent voters gave the county office building bond proposal a strong vote, 304 indicating they were in favor of the measure and 123 voting against it. The measure lacked the necessary two-thirds vote in the county as a whole to carry, however, though it did get a large majority.

In the district attorney race, which was won by Gilbert D. Ferrell, he was given 250 votes, while Edmund Hoffmann received 169. Fred E. Beer, successful candidate for supervisor from the second district, received 332 absentee votes to 168 for the incumbent, Rosalie M. Brown. Walter High received 247 votes to Dr. V. Thompson's 196 in the campaign for supervisor from the fifth district.

A total of 35,945 votes were cast, out of a registration of 46,852 in the county, or 76%.

Needy Families To Receive Food On Thanksgiving

In keeping with the holiday feelings of Sequoia high school students, the junior Red Cross chapter of Sequoia is holding a drive for Thanksgiving boxes to be given to needy families in the school district.

Each advisory room is filling one box from contributions by the students. These contributions consist of canned food, fresh fruit, vegetables and meat.

Traffic Hazard Study Ordered by Council

Survey of dead-end streets to determine if they present traffic hazards and of the need for additional stop signs throughout the city was ordered by the council last night.

The study will be made by City Manager E. A. Rolison and Inspector I. C. Drathman. It was ordered upon motion of Councilman James Eva, seconded by Councilman Evans Fletcher, after dangers in the hazards were cited by Councilman Paul McCarthy.

Dead-end Fulton street and dead-end streets north of Broadway in the Bayshore highway were cited as example.

STARS OF "MARIE GALANTE"

Ned Sparks, Helen Morgan, Leslie Fenton and Stepin Fetchit make up the supporting cast. "Lucky Larrigan," starring Rex Bell, cowboy husband of Clara Bow, is the second feature on the Sequoia bill.

Safety Manuals Distributed Here By 'Mobilgas'

Public endorsement of a private organization's efforts toward furthering the cause of reducing traffic accidents and educating young America along the same lines was granted here yesterday when James M. Eva, member of the Social Science Department of the Sequoia high school here, received from General Petroleum Corporation, marketers of Mobiloil and Mobilgas, 50 copies of the company's recently issued Manual of Safe Driving of Automobiles, which he had requested for distribution among the high school students.

The manual was prepared for exclusive use of employees of the company, but Mr. Eva, favoring any move calculated to benefit the cause of accident reduction, intends using it to advantage of the school.

Presentation of the manuals, on behalf of the company, was made by R. C. White, Redwood City branch manager.

In accepting them, Mr. Eva commended the public-spirited action of the organization and voiced the wish that all operators of motor vehicles would adopt a similar policy of impressing upon those connected with them the necessity for rigidly observing the rules of safe driving.

General Petroleum for years has been the proud possessor of one of the highest national and regional accident prevention records among all major industrial units, White revealed.

Mrs. Mabel Owen, Former Resident, Dies in England

Word has been received that Mrs. Mabel Owen, well-known in Redwood City and a former resident, died October 31 in Andlem, England. Funeral services were held November 3.

Mrs. Owen was the wife of the late Rev. Harry Owen, one-time pastor of the First Methodist Church and the man who was largely responsible for the erection of the present church edifice. Rev. Owen died in January of 1926, only two months after the church was completed.

Mrs. Owen left Redwood City about a year ago for England, where she had many relatives. She is survived by her mother and one brother, both residents of England, where Mrs. Owen was born. She was 49 years of age at the time of her death.

Mrs. Emily Vasquez, 702 Stamford street, a close friend, received word yesterday of the untimely passing of Mrs. Owen.

Mabel Stine Dies At Sister's Home

Following a lengthy illness, Miss Mabel Stine, 52, passed away yesterday morning at the home of her sister, Mrs. H. M. Hinchman, at 758 Edgewood Road, in Redwood City.

Miss Stine has lived here for the past month and a half. She was a native of Winchester, Ind. Funeral services were held at 2 p. m. today, with Rev. Norman W. Pendleton of the First Congregational church officiating. Cremation followed at Alta Mesa Memorial Park.

New Film Corporation To Feature Color In Offerings

Reopening of the old Pacific Studios on Peninsula avenue on the boundary line between San Mateo and Burlingame was announced today by S. A. Hedding, treasurer of the San Mateo Studios Inc., newly-formed corporation with a capital of \$500,000. Hedding, a former Minnetonka banker, said work will be underway on modernizing of the studio, which has been closed for many years, within 30 days.

Some 200 persons will be employed at the studios on their reopening and an annual payroll of \$150,000 is contemplated.

Production of 18 sound films is to begin immediately after modernization of the studios, it was reported. Twelve of these films will be two-reel musical features in color, and six will be two-reel features of historical background, also in color.

"Clean" films in keeping with the better picture campaign will be featured, Hedding reported. Walter Irving, former Hollywood and New York newspaperman and author, will be production manager of the new San Mateo studios. The best stage, radio, opera and screen talent will be sought for the new studio, Hedding said. Articles of incorporation for the new concern have been filed.

STUDENT RAIDS MAY BRING END TO 'BIG GAME'

Stanford Head Says Will Stop Classic If Damage Done

Banning student raids and the sloshing of paint on rival campuses, President Ray Lyman Wilbur of Stanford University today threatened to halt the annual "Big Game" between Stanford and California if student enthusiasm causes damage.

Rumors were prevalent both at Stanford and Berkeley that students planned raids before the Big Game on Saturday.

"If it comes to a case of members of each university invading the rival campuses to deface the church or buildings, it will mean no more football," was the statement of Dr. Wilbur.

Marvin Kahn, Stanford student body president, was inclined to scoff at rumors of raids, however, and denied reports that California's big C at Berkeley had been painted red last night by Stanford students.

Meanwhile, students on the Palo Alto campus were busily engaged today in constructing a bonfire which will be burned tonight at the student rally, shortly after 7 o'clock.

Full Value
FOR YOUR
OLD GOLD!

THE JEWELRY you long ago discarded can be converted into a gratifying sum of money since the Government advanced the price of pure gold from \$20.67 to \$35 an ounce. Discarded rings, watch-cases, chains, cuff links, dental gold (discarded crowns, bridges, etc.) and a score of other articles of solid gold, whether 10 carat or 18 carat or any grade between, contain when melted a surprising amount of pure gold and bring a worth while return at the new price. And... BEWARE OF PEDDLERS.

What you can do
with EXTRA
Electricity at 1/2 off

"Look! Just use these electric appliances a little more and the EXTRA Electricity you use—you get at half-price"

One-half Off means that you get a 50% discount on the amount of money by which your bill for any month at same location exceeds your bill for corresponding month a year previous. This applies to this company's domestic customers and commercial lighting customers over the entire system.

Let electric appliances do more work for you. For in December and throughout 1935 they will do EXTRA work at half cost. It won't pay to economize by using the washboard instead of the washing machine; the broom and dustpan instead of the vacuum cleaner. EXTRA Electricity at half price means easier, more comfortable home life for everyone through the fuller use of electricity at an added cost of only a few pennies a day.

If there is an electric appliance such as refrigerator, heater, ironer, dishwasher, range or water heater that you have always wanted—get it now! Put it to work through 1935 and what you save by 1/2 Off on EXTRA Electricity will help pay for it. Come in and let us tell you about this. Talk with your electric appliance dealer. Do it today.

Stanford Student But Slightly Hurt In Auto Wreck

Cuts, bruises and lacerations on the back of his head were apparently the only injuries sustained early Wednesday by Fred D. Michaels, Stanford University junior, registered from Menlo Park, when his car skidded off the road near the Stanford golf course, plunged 20 feet down an embankment, and crashed into an oak tree. The heavy roadster was completely demolished.

Michaels, who was alone, extricated himself from the wrecked car and walked to the Phi Kappa Sigma house on the campus, where he lives. He was taken to the Palo Alto Hospital, where he was today recovering.

COLDS Influenza La Grippe

Hundreds of people have come down with colds, influenza and la Grippe during the last few days. The sudden change to wet and cold weather always brings new cases of these dreaded diseases that drag you down, impair your general physical condition and make you nervous, cross and inefficient in your work.

If you are suffering from a cold right now, come to us and let our natural herbs relieve it quickly and positively.

The formula of Chinese herbs used in colds and influenza has been handed down from generation to generation and has a record of cures from the herbs that is enviable. Our files have scores of testimonials from people who had a quick, and complete recovery from using our simple herb remedy.

In 1918 when the influenza spread like wildfire throughout the world and brought death and permanent weakness to thousands, the people of the Republic of China were never affected. Only a few remote cases were reported. This was due to the fact that Chinese Herbs kept the people in a healthy condition and the influenza germs were never allowed to gain a foothold in their bodies.

In America Chinese Herbs brought relief to hundreds affected with the disease and in the height of the epidemic Chinese Herbalists rendered their herbs free of charge to the poor.

This record stands for itself and is the reason that we are now recommended by so many people in cases of this type.
